

MEMORANDUM

To: Galveston County Commissioners' Court
From: Betsy Thomas, Grants Administrator
Court Date: February 3, 2024
RE: District Attorney's Office
Victim Assistance Coordinator Program Grant Application

BACKGROUND

The Office of the Governor – Criminal Justice Division provides grant funds to provide services and assistance directly to victims of crime to speed their recovery and aid them through the criminal justice process.

SUMMARY

Galveston County has provided services to victims of violent crimes since 2012. With the assistance of grants funds from the Office of the Governor's Criminal Justice Division through the Victims of Crime Act (VOCA), the County has provided staff and volunteers to assist approximately 1,800 victims a year through court and criminal proceedings.

The Galveston County Victims' Advocates and volunteers reach out to victims and offer crisis counseling, assistance with protective orders, filing for Victims Compensation and the development of safety plans. Victims' Advocates also accompany victims and their families to court and offer support through a very difficult process.

FINANCIAL SUMMARY

VOCA Grant Request	\$133,891.85
County Match (20%)	<u>\$33,862.40</u>

The purpose of this program is to provide services and assistance directly to victims of crime to speed their recovery and aid them through the criminal justice process. Services may include the following:

- responding to the emotional and physical needs of crime victims;
- assisting victims in stabilizing their lives after a victimization;
- assisting victims to understand and participate in the criminal justice system; and
- providing victims with safety and security.

Program-Specific Questions**Culturally Competent Victim Restoration**

Victim service providers must have the ability to blend cultural knowledge and sensitivity with victim restoration skills for a more effective and culturally appropriate recovery process. Cultural competency occurs when: (1) cultural knowledge, awareness and sensitivity are integrated into action and policy; (2) the service is relevant to the needs of the community and provided by trained staff, board members, and management; and (3) an advocate or organization recognizes each client is different with different needs, feelings, ideas and barriers.

Provide information in this section regarding how your organization is culturally competent when providing services to victims.

The Galveston County District Attorney's Office unfeignedly exhibits cultural competence when providing services to victims; all victims receive care that is respectful, effective, and sensitive to their unique backgrounds and experiences. We have a diverse team that reflects the community we serve, and our staff regularly participates in trainings on cultural awareness, trauma-

informed care, and addressing bias. To make our services accessible, we aid in multiple languages with the aid of bilingual staff members and professional interpreters, and we ensure important materials, such as rights information and applications, are available in all primary languages spoken in our community. The Victim Assistance Coordinator (VAC) focuses on understanding and respecting cultural differences, including family dynamics, healing practices, and views on justice. In addition, the VAC connects victims with culturally relevant resources through partnerships with organizations that also take great responsibility in helping minority groups, undocumented victims, and those in underserved areas. The VAC also works closely with community partners to better understand the needs of the victims we serve. To conclude, the aforementioned efforts ensure our organization is culturally competent when providing services to victims; all victims feel respected, understood, and supported as they work toward healing and recovery.

Culturally Specific and Underserved Populations

Following are relevant definitions needed to answer this question.

- Underserved populations means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.
- Culturally specific means the program is primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g))).
- Racial and ethnic minority group means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.
- Hispanic means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish-speaking country.

Does your program have a primary focus on serving a culturally specific population? (The organization must do more than merely provide services to an underserved population or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services designed to meet the specific needs of the target population in order to justify a YES response in the section below.)

☐ Yes
☒ No

If you answered 'YES' above, you must explain in the box below how your organization's program is specifically designed to focus on and meet the needs of culturally specific populations. If this item does not apply enter 'N/A'.

Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Constitutional Compliance

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

Forensic Medical Examination Payments

Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 120 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

Confidentiality and Privacy

Applicant agrees to maintain the confidentiality of client-counselor information and research data, as required by state and federal law. Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary to protect the privacy and safety of the persons affected by the release of information will be taken.

Activities that Compromise Victim Safety and Recovery

Applicant agrees to not engage in activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions.

Polygraph Testing Prohibition

A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.

Protection Orders

Victims applying for a protective order or their attorney may not bear the costs associated with the filing of an order of protections.

Offender Firearm Prohibition

The applicant certifies that its judicial administrative policies and practices include notification to domestic violence offenders of the requirements delineated in section 18 USC § 992(g)(8) and (g)(9).

Criminal Charges

In connection with the prosecution of any misdemeanor or felony domestic violence offense, the victim may not bear the costs associated with the filing of criminal charges against a domestic violence offender, issuance or service of a warrant, or witness subpoena.

Cybersecurity Training Requirement

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not follow the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the [Texas Department of Information Resources Statewide Cybersecurity Awareness Training](#) page.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90% of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or

other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit DPS's [Sexual Assault Evidence Tracking Program](#) website for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

Immigration Legal Services

PSO prioritizes funding of projects that provide a full spectrum of counseling, crisis services, and other direct victim services. PSO will not fund projects that focus primarily on immigration legal services and do not provide a significant level of other types of victim services.

Legal Representation in Divorce and Custody Cases

PSO limits eligibility for legal representation in divorce and custody cases to circumstances where the survivor has been directly victimized by intimate partner violence (IPV) within the last six (6) months. This may include physical violence, sexual violence, stalking, and psychological aggression (including coercive tactics) by a current or former intimate partner against the survivor or survivor's kin sharing the residence. Additionally, legal services in divorce and custody cases funded under this award are limited to emergency order assistance, safety planning, client representation in divorce or guardianship proceedings, and other family law matters directly resulting from the victimization. Through acceptance of this award, grantee agrees that reimbursement for divorce and custody-related legal services will be limited to circumstances listed above.

Discrimination

Applicant agrees not to discriminate against victims because they disagree with the State's prosecution of the criminal case.

Records

Applicant agrees to maintain daily time and attendance records specifying the time devoted to allowable victim services.

Volunteers

If awarded VOCA funds, applicant agrees to use volunteers to support either the project or other agency-wide services/activities, unless PSO determines that a compelling reason exists to waive this requirement.

Crime Victims' Compensation

Applicant agrees to assist crime victims in applying for crime victims' compensation benefits.

Community Efforts

Applicant agrees to promote community efforts to aid crime victims. Applicants should promote, within the community, coordinated public and private efforts to aid crime victims. Coordination efforts qualify an organization to receive these funds,

but are not activities that can be supported with these funds.

Civil Rights Information

Applicant agrees to maintain statutorily required civil rights statistics on victims served by race, national origin, sex, age, and disability of victims served, within the timeframe established by PSO. This requirement is waived when providing services, such as telephone counseling, where soliciting the information may be inappropriate or offensive to the crime victim.

Victims of Federal Crime

Applicant agrees to provide equal services to victims of federal crime. (Note: Victim of federal crime is a victim of an offense that violates a federal criminal statute or regulation; federal crimes also include crimes that occur in an area where the federal government has jurisdiction, such as Indian reservations, some national parks, some federal buildings, and military installations.)

No Charge

Applicant agrees to provide grant-funded services at no charge to victims of crime. Applicants are also prohibited from billing Crime Victims Compensation, private insurance, Medicaid, or Medicare for services provided using VOCA funds.

Effective Services

Applicants applying for funds to provide victim services must demonstrate a record of providing effective services to crime victims. (See "Eligible Organizations" in the Funding Announcement.)

College Campus Confidential Direct Services Providers

All personnel compensated through OOG or match funds are Confidential Direct Service Providers that maintain victim's confidentiality for all case information (written or oral) and share information only at the victim's request and with the victim's informed consent, except when release of information is required by law. Confidential Direct Service Providers compensated with grant funds shall not be required to disclose client or case information to any entity, including a campus Title IX officer or coordinator, except when release of information is required by law. A victim may not be coerced or required to file a report or disclose information regarding their victimization with any entity as a condition of receiving services from a Confidential Direct Service Provider.

Failure to comply with this certification may result in PSO, at its sole discretion, withholding reimbursement on personnel line items contained in the program budget until satisfactory evidence of compliance is provided.

Compliance with State and Federal Laws, Programs and Procedures

Local Units of Government: Local units of government, including cities, counties and other general purpose political

subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the [CEO/Law Enforcement Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to PSO and is active until August 31, 2026 or the end of the grant period, whichever is later.

Non-profit Organizations: Each non-profit 501(c)(3) organization must certify that it does not have, and will continue not to have any policy, procedure, or agreement (written or unwritten) that in any way encourages, induces, entices, or aids any violations of immigration laws. Additionally, the organization certifies that it does not have in effect, purport to have in effect, and is not subject to or bound by any rule, policy, or practice (written or unwritten) that would: (1) encourage the concealment, harboring, or shielding from detection of fugitives from justice or aliens who illegally came to, entered, or remained in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, the organization certifies that it will not adopt, enforce, or endorse a policy which prohibits or materially limits the enforcement of immigration laws, and will not, as demonstrated by pattern or practice, prohibit or materially limit the enforcement of immigration laws.

Each non-profit organization must download, complete and then upload into eGrants the [CEO/NGO Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements.

Equal Employment Opportunity Plan (EEO Plan)

If awarded, applicant agrees to comply with the Equal Employment Opportunity Program (EEOP) requirements per 28 C.F.R. § 42 Subpart E. Agencies may use the EEO Utilization Report Builder to assist with preparing Verification Forms and, if required, Utilization Reports.

Project Abstract:

The Galveston County District Attorney's Office seeks continued funding to support the Victim Assistance Coordinator and an Outreach Coordinator Project to improve services for crime victims in our community. These roles will provide essential help, including emotional support, safety planning, connecting victims to resources, and guiding them through the criminal justice system. The Victim Assistance Coordinator and Outreach Coordinator will work closely with victims, helping them apply for financial assistance, prepare victim impact statements, screen for protective orders, and receive support during court proceedings. The project will also focus on raising community awareness so that victims from all backgrounds know about available services. By building partnerships with local organizations, the project will make it easier for victims to access the support they need. These efforts will address victims' immediate needs, promote healing, and help them move forward, with a strong focus on providing inclusive and culturally sensitive care to ensure all victims feel supported and valued.

Problem Statement:

The Victim Assistance Coordinator and Outreach Coordinator project is designed to provide vital support for crime victims who often face serious challenges in getting the help they need. Many victims struggle with emotional trauma, safety concerns, and financial difficulties while trying to navigate the complicated criminal justice system. These challenges are even greater for underserved groups, such as non-English speakers, minorities, and people in rural or low-income areas, who may not know about available resources or face cultural and systemic barriers to accessing them. Without accessible and culturally sensitive services, many victims feel alone and unsupported, which can slow their recovery and make it harder for them to engage in the justice process. This project seeks to bridge these gaps by offering direct assistance and reaching out to the community. Services include emotional support, safety planning, help with legal processes, and referrals to other resources. By also increasing awareness and accessibility through outreach efforts, the project helps victims meet their immediate needs, regain stability, and begin to heal.

Supporting Data:

According to the Texas Department of Public Safety (DPS), in 2024, the population of Galveston County was 373,534, with only 52,810 people living in the City of Galveston. Even though the city is the county's central hub and houses all the County and District Courts, it only represents 14% of the county's population. This means that most people living in rural or outlying areas face challenges in accessing services that are mainly concentrated in the city. In 2024, there were 6,694 reported criminal offenses in Galveston County, including 24 homicides, 244 rapes, 120 robberies, 623 aggravated assaults, and 3,812 incidents of family violence. The county also saw 547 confirmed cases of child abuse, 147 children placed in foster care, and 646

confirmed cases of elder abuse. The District Attorney's Office received approximately 340 protective order requests, issued 276 emergency protective orders, and facilitated 772 "no contact" bond conditions, showing a strong need for protective services and advocacy for victims. In fiscal year 2024, the Victim Assistance Coordinator and Outreach Coordinator project served 2,225 victims, helping 1,667 survivors navigate the legal system, providing crisis counseling to 1,061 individuals, and accompanying 245 victims to court. Despite these efforts, there are still significant gaps in services for victims of family violence, child and elder abuse, sexual assault, homicide, and human trafficking, especially in rural or underserved areas. Many victims in these areas still struggle to access legal help, safety planning, and counseling services. The project has proven essential, but there is a growing need for continued support to ensure that all victims, no matter where they live or what background they come from, can receive the help they need.

Project Approach & Activities:

The Victim Assistance Coordinator and Outreach Coordinator project takes a full, victim-centered approach to tackle the challenges identified. It aims to provide accessible, culturally sensitive, and trauma-informed services to crime victims across Galveston County, especially those in more remote areas with fewer resources. The Victim Assistance Coordinator and Outreach Coordinator will offer direct help to victims by guiding them through processes like applying for Crime Victims' Compensation, preparing victim impact statements, screening for protective orders, and accompanying them to court. They will also provide safety planning, crisis counseling, and connect victims to essential community resources to support their recovery and stability. The coordinator will collaborate closely with local law enforcement, and service providers to ensure victims are well-informed about their rights and the help available to them. Other duties will include focusing on raising awareness and making services more accessible throughout the county. This includes hosting community presentations, creating informational materials, and forming partnerships with local organizations, police departments, as well as other groups dedicated to helping victims. The outreach efforts will aim to break down cultural and systemic barriers that prevent some victims from seeking help. The coordinators will also work to reach underserved rural areas, making sure all victims, no matter where they live, have access to the support they need. Together, these efforts will reduce barriers to help, provide personalized support, and create a more informed and connected community. This ensures that victims from all walks of life receive the assistance they need to recover and begin the healing process after experiencing crime.

Capacity & Capabilities:

The Galveston County District Attorney's Office has a long history of supporting crime victims through its dedicated victim services programs. As the main agency handling criminal prosecutions in the county, the office is in a unique position to help victims by offering direct support, ensuring access to justice, and working closely with law enforcement and community organizations. The Victim Assistance Coordinator and Outreach Coordinator play key roles in this effort, both filled by individuals with expertise in victim advocacy, crisis support, and community outreach. The Victim Assistance Coordinators help victims navigate the criminal justice process by assisting with Crime Victims' Compensation applications, preparing victim impact statements, screening for protective orders, and creating safety plans. This role also ensures victims receive emotional support, access to resources, and updates about their rights and case progress. The Outreach Coordinator focuses on increasing

awareness of available victim services, especially in rural and underserved parts of Galveston County, through community events, educational outreach, and partnerships with local groups. The District Attorney's Office works closely with law enforcement, healthcare providers, and non-profits to ensure victims have access to the resources they need. These partnerships make it easier to connect victims to services and ensure the support provided is respectful of diverse cultural needs. The office also has a strong track record of managing grant-funded projects, with systems in place to track results and meet all funding requirements. As the main prosecuting agency in Galveston County, the District Attorney's Office is well-equipped to address the gaps in victim services identified in the community. With its experience, resources, and partnerships, the office is ready to carry out the proposed project to help crime victims feel safer, more stable, and supported on their path to recovery.

Performance Management:

The Galveston County District Attorney's Office will measure the success of the Victim Assistance Coordinator and Outreach Coordinator project by assessing how well it meets its goals and objectives. The main goal is to provide timely, effective, and culturally sensitive support to crime victims, helping them navigate the justice system and begin their recovery. Objectives include informing victims of their rights, assisting with safety planning, helping with Crime Victims' Compensation applications, preparing victim impact statements, and expanding outreach to underserved communities across Galveston County. To track progress, the office will use spreadsheets, call logs, and reports from the Odyssey case management system. Staff will record all services provided, including the number of victims served, the types of assistance offered, victimization type, and necessary statistics. Outreach activities, such as community presentations and partnerships with local organizations, will also be documented to measure how well the project reaches and supports the community. Every quarter, the office will review this data to evaluate the project's performance, identify trends, and address any gaps in services. This regular review helps ensure that the project stays on track to meet its goals and continues to improve support for victims. The results of these evaluations will be included in grant reports to show the impact of the project and the District Attorney's Office's dedication to providing meaningful victim services in Galveston County.

Target Group:

The Victim Assistance Coordinator and Outreach Coordinator project is designed to help victims of crime throughout Galveston County. This includes people who have been affected by crimes such as family violence, intimate partner violence, sexual assault, child abuse, elder abuse, human trafficking, homicide, and other violent crimes. In 2024, Galveston County reported 6,694 criminal offenses, including 3,812 cases of family violence, 244 rapes, and 547 confirmed cases of child abuse, which shows the urgent need for victim support services. Elder abuse is also a significant issue, with 646 cases reported in 2023. The project will assist victims in both the city and rural areas of the county, with special focus on those in underserved regions where resources are hard to reach. The project will prioritize victims involved in legal cases, such as those needing protective orders or help navigating the criminal justice system. In 2024, the District Attorney's Office processed approximately 340 protective order requests and helped with 772 "no contact" bond conditions, showing how many victims need assistance. To

make sure no one is left out, the project will also work with community groups to connect with people who may not have yet accessed support. By offering direct help, outreach, and culturally sensitive services, the project will meet the diverse needs of victims across the county and ensure that everyone has access to the help they need to heal and recover.

Evidence-Based Practices:

The Victim Assistance Coordinator and Outreach Coordinator project is based on proven methods that effectively support crime victims. It follows trauma-informed care principles, which focus on understanding the impact of trauma, creating a safe environment, and empowering victims. These practices, recommended by organizations like the Substance Abuse and Mental Health Services Administration (SAMHSA, 2014), help reduce further trauma and promote recovery. Key activities like safety planning, legal advocacy, and crisis intervention are guided by best practices from the Office for Victims of Crime (OVC, 2020). These services meet victims' immediate and long-term needs by keeping them informed, safe, and supported throughout the legal process. Research shows that victims who receive these services are more likely to stay engaged with the justice system and experience better emotional and mental health outcomes. (NRC, 2021) The project's outreach efforts are designed to reach underserved populations by raising awareness and reducing barriers like stigma, isolation, and lack of information. Studies show that community-based outreach helps build trust and improves access to services, especially when culturally sensitive strategies are used. (CDC, 2020) Partnerships with local organizations also strengthen this approach. The use of tools like Odyssey to track data and evaluate services ensures the project stays focused on meeting victims' needs. Regular reviews of this information help the team improve and adapt services as needed. Together, these evidence-based practices create a strong and effective program for supporting crime victims in Galveston County. SAMHSA. (2014) Trauma-Informed Care in Behavioral Health Services. Introduction

This section contains questions about your project. It is very important for applicants to review their funding announcement for guidance on how to fill out this section. Unless otherwise specified, answers should be about the EXPECTED activities to occur during the project period.

Selected Project Activities:

ACTIVITY	PERCENTAGE:	DESCRIPTION
Crisis Services	50.00	The Victim Assistance Coordinator and Outreach Coordinator project provides immediate, caring support to victims of crime during their most difficult times.

		<p>These services help victims feel safer, address urgent emotional needs, and connect them to important resources. The team is available to assist victims directly or through referrals from police, hospitals, and other community organizations. The Victim Assistance Coordinators offer emotional support, help victims create personalized safety plans, and guide them through the legal process. Victims are connected to shelters, medical care, counseling, and legal help when needed. The project also makes sure victims understand their rights and options so they can make informed decisions. For example, victims of domestic violence or stalking are screened for protective orders, and help is provided with the paperwork. Victims who qualify are also guided through the application process for Crime Victims' Compensation to help with financial burdens. All services are designed to be sensitive to victims' experiences and cultural backgrounds, ensuring they feel respected and understood. The goal is to ease their distress, improve their sense of safety, and support them as they start to recover.</p>
Legal Advocacy	50.00	<p>The Victim Assistance Coordinator and Outreach Coordinator project provides legal support to help victims navigate the often-complicated criminal justice system. This support ensures victims understand their rights, the legal process, and the resources available to them so they can take an active role in their cases. The coordinators act as a bridge between victims and the legal system, guiding them through steps like applying for protective orders, understanding "no contact" bond conditions, and preparing victim impact statements. They help with the paperwork and necessary documentation and work closely with the Protective Order Prosecutor to submit these requests. The coordinators also accompany victims to court, offering emotional support and making sure their voices are heard during proceedings. The project</p>

		assists victims with applying for Crime Victims' Compensation, which can help cover financial costs like medical bills, counseling, or lost wages. Victims are kept informed about the status of their cases and any legal updates, fostering transparency and trust. All of these services are provided with a trauma-informed approach, meaning they are designed to be sensitive to the unique experiences and needs of each victim. The goal is to ensure victims feel supported, respected, and empowered to seek justice and rebuild their lives.
